Partho Singh

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer skilled in the MERN stack, excelling in creating scalable web applications. Proficient in leveraging Generative AI and adopting new technologies swiftly. Exhibits strong problem-solving, collaboration, and communication capabilities, driving seamless frontend-backend integration and enhancing development workflows.

WORK EXPERIENCE

Seoczar Pvt. Ltd.
Search Engine Optimization
December 2023 – June 2024
Job responsibilities:

- Analyzed keywords and optimized on-pagecontent for higher search rankings.
- Conducted competitor research to develop effective SEO strategies.
- Built quality backlinks to boost website authority.

PROJECTS

1. Reliance Clone | ⊕ | ⦿
React | Node.js | Express.js | HTML5 | JavaScript | MongoDB | Git | CSS3

- Developed an e-commerce website clone of Reliance Digital using React, Node.js, Express.js, and MongoDB, demonstrating strong proficiency in the MERN stack.
- Implemented secure login, logout, signup, and user authentication features to manage user accounts safely.
- Created a dynamic navigation bar with dynamic routing and product category filtering for enhanced user experience.

2. Fiverr Clone | ⊕ | ⦿
React | Chakra UI

- Built a modern and responsive e-commerce website clone of Fiverr using React and Chakra UI, highlighting flexibility with frontend frameworks.
- Integrated dynamic slider and embedded video for improved user engagement and visual appeal.
- Demonstrated efficient time management by completing the project in a 5-day timeline.
